1.1 Overview of Adore Twin Mobile Dialer for iPhone

Adore Infotech comes up with the new advanced iPhone App that will offer the combined facility of calling card dialer and VoIP Dialer. Adore Twin Mobile Dialer for iPhone has added a new features in the long list of iPhone apps developed by our company for astounding VoIP experienced directly from your iPhone. This Hybrid Mobile Dialer id designed and developed to provide the twin functionality of automating the calling card dialing along with the feature of VoIP calling. With this mobile app, iPhone users will get rid of the pain of entering PIN number every time while using calling card facility. The Adore Twin Mobile Dialer for iPhone supports GPS, 3G/4G and Wi/Fi, and provides the seamless calling platform for PINless Calling Card facility along with the benefits of IP calling without switching the app.

The Hybrid Mobile dialer for iPhone easily integrates with the address book of iPhone and offer the direct calling functionality without any need of dialing the destination number. This mobile app will facilitate the calling card dialing without feeding any PIN number, access number and destination number to make the calling facility a piece of cake. Now , Service providers can also offer the twin benefits to their customer with this one iPhone app for automated PINless calling card dialing as well as VoIP dialing. They can also offer this app to their customer with their own brand name.

1.2 Adore Twin Mobile Dialer for iPhone Features

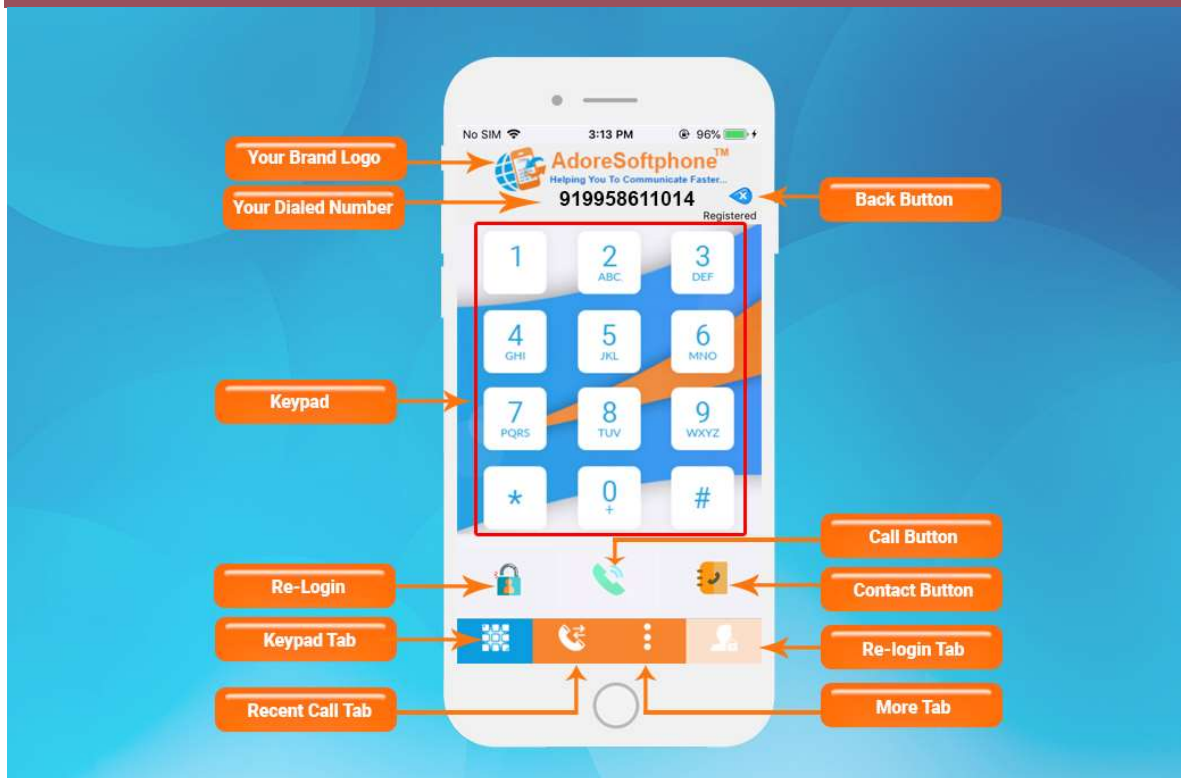

- Use Mobile VoIP and Calling Card dialing from single mobile app
-
- Free from the hassle of remembering the access number, PIN number and destination number.
